

# ABRIL NOGUERA

## DATA SCIENTIST

### CONTACT

- +54 11 3578 6791
- anoguera@itba.edu.ar
- LinkedIn: [abrilnoguera](#)
- GitHub: [abrilnoguera](#)
- Buenos Aires, Argentina

### HARD SKILLS

Python | R | SQL | Java

Pytorch | Keras | TensorFlow

Scikit-learn | Scipy | Seaborn

Pandas | Numpy

Qlik | Tableau | Microstrategy

### SOFT SKILLS

Self Motivation

Adaptability

Strong Communication

Problem-Solving

Analytical Thinking

### LANGUAGES

**Spanish**  
Native Language

**English**  
Highly Proficient

- C2 - EF SET (2023)
- B2 - FCE (2017)

**Portuguese**  
Intermediate

- A - Cambridge IGCSE Portuguese as a Foreign Language (2016)

### PROFILE

With an academic background in Data Science, I focus on turning data into meaningful information. My education equips me with both foundational knowledge and practical analytical abilities. I have successfully worked in remote settings, meeting deadlines independently. I communicate effectively, allowing me to work well with international teams across various time zones and backgrounds. I'm organized, have a penchant for leadership, and am committed to continuous learning. I'm looking for roles where I can deepen my expertise, particularly in remote roles.

### PROFESSIONAL EXPERIENCE

#### Data Scientist

August 2023 - December 2023

Freelance

- Initiated an AI-based image analysis project for wildlife conservation efforts.
- Employed Python, TensorFlow, and PyTorch to classify species, aiding biodiversity research.
- Collaborated with ecologists, aligning AI tools with conservation objectives.

#### Data Analyst

August 2022 - January 2023

Siemens Healthcare

- Set-up, maintenance, and ongoing development of Qlik dashboards.
- Supervised and mentored an intern throughout their tenure.
- Analysis of opportunities on new useful reports.
- Follow up and quality control on automated end-to-end reporting processes.
- Lead team follow-up meetings and reunions.

#### Automation and Data Analyst Intern

October 2021 - August 2022

Siemens Healthcare

- Set-up, maintenance and ongoing development of end-to-end automated reporting processes.
- Follow up and quality control on reported information to meet our standards.
- Build extraction, transformation and loading processes.

### EDUCATION

#### Data Science

March 2019 - July 2024

Technological Institute of Buenos Aires (ITBA)

- Pursuing a Career in Analytics with a focus on Data Science.
- Committed to leveraging data-driven methodologies to derive actionable insights.
- Engaged in practical projects and coursework that align with current industry trends.
- Active participant in academic seminars and workshops, fostering a deep understanding of modern analytics tools and best practices.

#### Data Science Student Exchange

February 2023 - August 2023

Technical University of Munich (TUM)

- Participated in a six-month Data Science exchange program.
- Recognized as the top university in Europe and ranked 30th globally.
- The program provided me with intensive coursework, hands-on projects, and opportunities to collaborate with leading data scientists.
- Contributed to my personal growth and proficiency in English.

### COURSES

#### CS50's Introduction to Artificial Intelligence with Python

Harvard X

September 2023 - October 2023

#### Data Science and Machine Learning Capstone Project

IBM

January 2023 - February 2023
