## DATA SCIENTIST

Data Scientist adept at leveraging analytical skills to solve complex problems and drive valuable insights. Experienced in leading and executing data-driven projects in remote settings, showcasing strong self-motivation, organizational, and communication abilities. Passionate about continuous learning and seeking a dynamic, remote role where I can contribute to innovative solutions and work flexibly across global teams.

## PROFESSIONAL EXPERIENCE

### Data Scientist Seeds

Jan 2024 - Present

Developed and implemented data-driven strategies to optimize Portfolio Strategy operations for AbInBev - Cervecería y Maltería Quilmes, enhancing customer engagement and sales. Utilized advanced analytics and machine learning models to forecast demand, personalize customer experiences, and improve supply chain efficiency.

### Data Science Tutor Technological Institute of Buenos Aires (ITBA)

Mar 2024 - Present

Tutored and provided guidance to Data Science students on their final capstone projects, fostering analytical skills, and promoting best practices in research and data-driven decision-making.

### Data Science Tutor Coderhouse

Feb 2024 - Present

Part of Coderhouse's academic staff, providing support and evaluations for students in the Data Science field, ensuring a comprehensive online learning experience.

### Data Scientist Freelance

Aug 2023 - Dec 2023

Completed an AI-based image analysis project for wildlife conservation efforts. Employed Python, TensorFlow, and PyTorch to classify species, aiding biodiversity research. Collaborated with ecologists, aligning AI tools with conservation objectives.

### Data Analyst Siemens Healthcare

Aug 2022 - Jan 2023

Set-up, maintenance, and ongoing development of Qlik dashboards. Supervised and mentored an intern throughout their tenure. Analysis of opportunities on new useful reports. Follow up and quality control on automated end-to-end reporting processes. Lead team follow-up meetings and reunions.

### Automation and Data Analyst Intern Siemens Healthcare

Oct 2021 - Aug 2022

Set-up, maintenance and ongoing development of end-to-end automated reporting processes. Follow up and quality control on reported information to meet our standards. Build extraction, transformation and loading processes.

## EDUCATION

### Data Science Technological Institute of Buenos Aires (ITBA)

Mar 2019 - Jul 2024

### Data Science Student Exchange Technical University of Munich (TUM)

Feb 2023 - Aug 2023

## COURSES

### Machine Learning Engineer Google Cloud Skill Boost

Jan 2024

### Machine Learning (Advance Level) Coursera

Dec 2023

### Cloud Computing Google Activate

Dec 2023

### CS50's Introduction to Artificial Intelligence with Python Harvard X

Sep 2023 - Oct 2023

### Data Science and Machine Learning Capstone Project IBM

Jan 2023 - Feb 2023

## HARD SKILLS

Python, R, SQL & Java  
Pytorch, Keras & Tensorflow  
Qlik, Tableau & Microstrategy

## SOFT SKILLS

Self Motivation & Organization  
Strong Communication  
Analytical Thinking

## LANGUAGES

Spanish (Native)  
English (C2)  
Portuguese (B1)
