DATA SCIENTIST

I specialize in applying data science and machine learning to solve business challenges and deliver valuable insights. I bring strong skills in self-motivation, organization, and clear communication. I'm always looking to learn and grow, and I'm seeking a remote role where I can apply my expertise in building AI-driven models and work with global teams to create meaningful impact.

PROFESSIONAL EXPERIENCE

Data Scientist Cerveceria y Malteria Quilmes (AB InBev) **May 2025 - Present**

Promoted to full-time internal position after a successful year as an external consultant. Continue leading the development and implementation of data-driven strategies to optimize portfolio operations, leveraging predictive models to personalize customer interactions, improve targeting, and anticipate churn. Collaborate closely with cross-functional teams to translate insights into impactful commercial actions.

Data Scientist Seeds **Jan 2024 - May 2025**

Developed and implemented data-driven strategies to optimize Portfolio Strategy operations for AB InBev - Cervecería y Maltería Quilmes, enhancing customer engagement and sales. Utilized advanced analytics and machine learning models to optimize portfolio strategy by forecasting purchase probability, personalizing customer experiences, and predicting churn to drive strategic decision-making.

Data Science Professor Technological Institute of Buenos Aires (ITBA) **Mar 2024 - Present**

Currently teaching "Advanced Predictive Analysis," focusing on advanced techniques in Machine Learning and Deep Learning.

Tutored and provided guidance to Data Science students on their final capstone projects, fostering analytical skills and promoting best practices in research and data-driven decision-making.

Data Scientist Freelance **Aug 2023 - Dec 2023**

Completed an AI-based image analysis project for wildlife conservation efforts. Employed Python, TensorFlow, and PyTorch to classify species, aiding biodiversity research.

Data Analyst Siemens Healthcare **Aug 2022 - Jan 2023**

Exploratory analysis and reporting of useful data insights. Supervised and mentored an intern throughout their tenure.

Automation and Data Analyst Intern Siemens Healthcare **Oct 2021 - Aug 2022**

Set-up, maintenance and ongoing development of end-to-end automated reporting processes.

EDUCATION

Artificial Intelligence Master's Degree Universidad de Buenos Aires (UBA) **Mar 2025- Present**

Data Science Technological Institute of Buenos Aires (ITBA) **Mar 2019 - Jul 2024**

Graduated with honors GPA 8.56.

Data Science Student Exchange Technical University of Munich (TUM) **Feb 2023 - Aug 2023**

COURSES

Machine Learning Engineer Google Cloud Skill Boost **Jan 2024**

Machine Learning (Advance Level) Coursera **Dec 2023**

Cloud Computing Google Activate **Dec 2023**

CS50's Introduction to Artificial Intelligence with Python Harvard X **Sep 2023 - Oct 2023**

Data Science and Machine Learning Capstone Project IBM **Jan 2023 - Feb 2023**

HARD SKILLS

Python, R, SQL & Java
Pytorch, Keras & Tensorflow
Spark, Azure & AWS

SOFT SKILLS

Self Motivation & Organization
Strong Communication
Analytical Thinking

LANGUAGES

Spanish (Native)
English (C2)
Portuguese (B1)
